

**RELATIONS WITH EDUCATIONAL RESEARCH AND SERVICE CENTERS**

Surveys, questionnaires, and study proposals submitted to the district from outside organizations or individuals must be referred to the Superintendent for review, recommendation, and coordination. Surveys or other projects that involve the use of student records or other district data will be considered only if the Superintendent is satisfied that all legal requirements pertaining to the confidentiality of records are strictly observed, and that the proposed use of such data will not, in the future, violate such confidentiality.
