

STAFF ETHICS

An effective educational program requires the services of men and women of integrity, high ideals, and human understanding. To maintain and promote these essentials, all employees of the College Community School District are expected to maintain high standards in their school relationships.

The Board of Directors expects members of its professional staff to be familiar with the code of ethics that applies to their profession and to adhere to it in their relationships with students, parents, co-workers, and officials of the district.

The Board of Directors also expects members of other employee groups to be familiar with and to adhere to high standards of personal conduct and responsibility. Where such standards have been made part of a negotiated contract between the Board of Directors and an employee group, their observance--and penalties for violations--will be in accordance with the terms of that contract.
