

Response to final question: Identify information needed to further develop the top "Action(s)" into a recommendation

- Childcare:
  - possibilities of expanding the ECC program
  - subsidies for low income parents
- Are there enough buses to do staggered start times?
- What are the time increments we can consider for staggered starting times?
- Examples of staggered start time systems used elsewhere
- Urban/suburban differences in the research on later starting times for older students
- What are the implications for middle school and high school activities?  
How much disruption to learning is caused by the current system and what would be the impact of an earlier or a later start for each.
