Small Group Task/Homework Assignment**

Task: Start in small groups complete as homework

- Assume a 45-minute stagger between buildings that start early and those that start late
- Assume that a early start is sometime after 8:00 AM
- Assume that a late start is sometime before 9:00 Am
- Identify the advantages and disadvantages of each possible option listed below

Option 1: Early start K-4, 5-6; late start 7-9, 10-12

Advantages	Disadvantages

Task:

- Assume a 45-minute stagger between buildings that start early and those that start late
- Assume that a early start is sometime after 8:00 AM
- Assume that a late start is sometime before 9:00 Am
- Identify the advantages and disadvantages of each possible option listed below

Option 2: Early start K-4, 7-9; late start 5-6, 10-12

Advantages	Disadvantages

Task:

- Assume a 45-minute stagger between buildings that start early and those that start late
- Assume that an early start is sometime after 8:00 AM
- Assume that a late start is sometime before 9:00 AM
- Identify the advantages and disadvantages of each possible option listed below

Option 3: Early start K-4, 10-12; late start 5-6, 7-9

Advantages	Disadvantages

Task:

- Assume a 45-minute stagger between buildings that start early and those that start late
- Assume that a early start is sometime after 8:00 AM
- Assume that a late start is sometime before 9:00 Am
- Identify the advantages and disadvantages of each possible option listed below

Option 4: Early start 5-6, 7-9; late start K-4, 10-12

Advantages	Disadvantages

Task:

- Assume a 45-minute stagger between buildings that start early and those that start late
- Assume that a early start is sometime after 8:00 AM
- Assume that a late start is sometime before 9:00 Am
- Identify the advantages and disadvantages of each possible option listed below

Option 5: Early start 5-6, 10-12; late start K-4, 7-9

Advantages	Disadvantages

Task:

- Assume a 45-minute stagger between buildings that start early and those that start late
- Assume that an early start is sometime after 8:00 AM
- Assume that a late start is sometime before 9:00 AM
- Identify the advantages and disadvantages of each possible option listed below

Option 6: Early start 7-9, 10-12; late start K-4, 5-6

Advantages	Disadvantages
