Transportation Advisory Committee Minutes of August 25, 2008 Meeting

The first meeting of the full Transportation Advisory Committee met at 6:30 on August 25, 2008 in the PHS Study Hall. Forty-eight members were in attendance.

Superintendent Whitehead called the meeting to order at 6:30 and introduced facilitator Carol Lensing. Carol asked each member to briefly introduce themselves.

Superintendent Whitehead made a presentation regarding the committee's authority and role. See attached document.

Transportation Director Scott Grabe shared information about the current transportation system. See attached document.

Prairie View Principal Ann Wooldridge shared information about the impact of the current system on elementary children. See attached documents.

Carol Lensing led a discussion of the norms the group would follow. See attached document.

Carol Lensing divided the group into six smaller groups for discussion about these subjects:

- What would the **ideal** transportation system be like?
- What **information** might be helpful to our corrective study?

The small groups only had about 20 minutes for consideration of these questions. The artifacts are attached. At the next meeting, the same small groups will resume discussion of the two questions above.

Mrs. Wooldridge and Mr. Whitehead went over the group assignment:

Before the next meeting (September 8) each committee member is asked to visit the bus loading area in the morning or afternoon or a school building during early or late bus times.

The meeting adjourned at 8:30 PM.

Respectfully Submitted,

Dick Whitehead
Superintendent
