Transportation Advisory Committee Minutes of October 13, 2008 Meeting

The fourth meeting of the full Transportation Advisory Committee met at 6:30 on October 13, 2008 in the PHS Study Hall. Forty-one members were in attendance.

Facilitator Carol Lensing called the meeting to order at 6:30, welcomed the group back, and reviewed the group's norms determined at the first meeting.

Superintendent Whitehead, Business Manager Jim Rotter, and Transportation Director Scott Grabe provided information to the group related to the questions that had been asked at the last meeting. (See the artifacts posted on the web-site)

Working in the same small groups as last time, Carol Lensing asked the group to process the information presented. They were given one half hour to do so. They were then given a copy of an earlier work document entitled Combined Values from Commonalities/Gaps Activity form September 22 and a blank form entitled Investigating Possibilities. In the time remaining, they worked as a group to identify items on the Combined Values sheet that represent clear **actions** that could be taken in contrast to others that are clearly **results** that are valued. They were asked to enter the actions in the column provided on the form. Committee members were assigned homework to finish the Investigating Possibilities before the next meeting.

The meeting adjourned at 8:30 PM.

Respectfully Submitted,

Dick Whitehead
Superintendent
